

**Response by Acanthus Clews Architects to the Letter of 16 September 2020  
from Barrowden Parish Council to Rutland County Council**

Planning application 2020/0891/FUL

We refer to the letter of 16th September from Barrowden Parish Council detailing considerable support and some concerns for our planning application.

Our Architect thoroughly reviewed the points and with the agreement of the Village Hub Development Group sent Nick Hodgett of Rutland County Council a detailed response to the issues raised by the Parish Council. This document can be viewed on the County Council website as 'Supporting document, Additional information', and was published on 25th September.
