

Email 05.10.20 from Rutland Health & Social Care Policy Consortium

Subject: Open Letter to Rutland Residents

To All Rutland Parish Councils

Dear Parish Clerk/Councillor

Thank you for helping us last month in making the public aware of questions raised with the CEO of Leicester, Leicestershire & Rutland Clinical Commissioning Groups on Reconfiguration of Leicester Hospitals.

The Public Consultation on the reconfiguration of University Hospitals Leicester Trust is now live. The consultation started on 28th September and will end on the 21st December. Sadly the documentation underpinning the consultation is clear that Rutland will be disadvantaged.

Therefore we seek your assistance again, it would be very helpful if you could share the information in the attached letter with the members of your Parish.

Please contact us if you require further information.

Kind Regards

Kathy Reynolds
