

**Email of 26 March 2021 from Len and Phyllis Dentith**

Subject: 2021/0165/MAF

We would like to give our full support to this application.

Rutland is and we hope will remain an agricultural based county. The relocation of this business will have minimal impact on the village of Barrowden. The farm replaces many farms lost in Barrowden village to residential development over the recent decades. The applicant has fine agricultural credentials and deserves support in the relocation of his business to this site.
