

## **Email of 7 November 2020 from Jennifer Hughes-Nurse**

Dear Mr.Littlejohn

With lockdown commencing on Thursday 5th of November , I could understand families setting off fireworks on the day before Wednesday but to follow this up with two more nights of fireworks AFTER bonfire night there being three separate episodes on Saturday is thoroughly inconsiderate and unnecessary from the point of view for people with pets particularly as we are supposed to be in lockdown.

You are probably aware that one poor dog through fear of the fireworks escaped, missing for twelve hours and ended up, with his leg fractured.

I am asking that the council ask that all villagers show consideration to all the members of this village not just themselves.

Kind regards,

Jennifer Hughes-Nurse
