

We, the Lord-Lieutenant, Dr Sarah Furness and the High Sheriff, Richard Cole, are delighted by Rutland's response to the Covid crisis.

On behalf of Her Majesty and the community in Rutland we wish to show appreciation and recognition of the many people across all our communities who have already done so much during the pandemic.

We would like your help in identifying the people in your community who have volunteered, whether that be by making scrubs, face masks, shopping for neighbours, befriending people etc.

In the early Autumn (September / October) we would like to present certificates of gratitude so we ask that you let us have names by Friday 14th August of those in your community please.

We would like to be able to present these certificates in an appropriate socially distanced fashion. It may be that posting them is the only option (in which case we will require postal addresses). However, if you have any other ideas of how we might do this in your community whilst obeying the Covid regulations they would be much appreciated.

We hope you will join us in this project. We look forward to your feedback.

With all very best wishes and thanks for your service to the community.

Sarah Furness
