### **OPEN FORUM**

4. **John Gough**, Planning Director at Mick George Ltd, stated that the market for limestone from Wakerley Quarry had increased and longer operational and maintenance hours were needed in order to fulfil all contracts. He confirmed that dust suppression reservoirs were still under construction. In response to questions from councillors he promised to give a date by which the reservoirs would be completed and stated that the Duddington to Fineshade haul road would be re-surfaced with tarmac to reduce the noise of the empty lorries as soon as drainage work had finished. Councillors argued that it would be a gesture of good will if Mick George Ltd were to monitor dust and noise in Barrowden on a continuous basis, but he said that there were no plans to do so.

5. **Fiona Hayes** asked why the Council had not intervened more promptly to ensure that planning permission and listed building consent were obtained for alterations at the Exeter Arms and what steps were envisaged now. It was **noted** that this matter was an agenda item to follow.

6. **Shani Keoghan** stated that insufficient attention was paid by the Council to anti-social behaviour in the village.
